Apart from this, special care is taken of the female students by the Convener and Members of CWDC. Problems such as dizziness, stomachache, weakness are common in girls of this region. In case a girl experiences acute stomachache or faints, Ambulance 108 is immediately called, Principal and the Parents are reported, and the girl is immediately taken to the Government Hospital for primary care. If Ambulance is not available nearby, CWDC Convener/other staff members arrange to send the girl immediately to the hospital in their own car.

The blood tests camp regarding hemoglobin, sickle cell and blood group was organized by the joint initiative of Referral Hospital Kaparada, PHC Dabkhal, PHC Lavkar and PHC Kaparada.

The institution has a Girls’ Common Room with Sanitary Pad Vending Machine and Disposal Machine, gifted by BAIF, Kaparada. A demo on the use of these machines was given by Mr. Navinbhai from BAIF, Kaparada. This room contains 01 cot, 06 chairs, 01 table, 01 cupboard, first aid kit, 01 mirror and 01 comb. The girls have washroom facility on all three floors, including one for differently-abled girls on each floor. Male-female ratio is quite satisfactory. No events of gender discrimination, eve-teasing, molestation or sexual harassment have ever occurred or reported in the entire history of the institution. Boys and girls study amicably in this exotic environment.
